COLORS

LACQUER

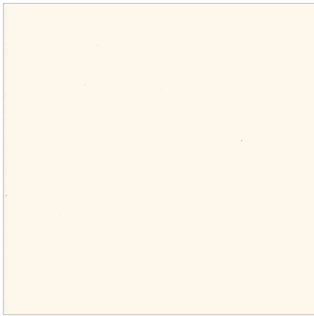

This versatile product of Italian origin combines simplicity and elegance. Miralis offers you the possibility to create the lacquer color of your choice, customized to your taste. This will then be applied in the factory on the material of your choice. Do you want a more contrasted design? Simply combine this uniform lacquer with natural or synthetic wood grains.

STOP In a White furniture board project, the requested finished side(s) will also be finished on the inside (both sides of specified panel). The other interior parts of the cabinet will be the same finish as the construction material

STOP Note that European laminate boxes are always finished inside and out. However, it is important to specify the finished sides of your cabinet when necessary.
